NOTICE OF PROPOSED RULE MAKING

Adopted: January 10, 2001

Released: January 19, 2001

Comment Date: March 12, 2001

Reply Comment Date: March 27, 2001

By the Chief, Allocations Branch:

1. The Allocations Branch has before it the petition for rule making filed by Bernice P. Hedrick ("petitioner") requesting the allotment of Channel 233A at Woodbury, Georgia, as the community's first local aural transmission service. Petitioner states her intention to apply for the channel, if allotted.

2. In support of her proposal, petitioner states that Woodbury is an incorporated community located within Meriwether County (population 22,411)¹ and has a population of 1,429 persons. Woodbury has its own zip code and post office. There are two schools (Woodbury Elementary School and Flint River Academy), a bank, two medical clinics, four churches, and many civic and social clubs. The primary areas of employment are tourism, agriculture, and light industry.

3. We believe the proposal warrants consideration since the allotment of Channel 233A at Woodbury, Georgia, could provide the community with its first local aural transmission service. An engineering analysis has determined that Channel 233A can be allotted to Woodbury in compliance with the Commission's minimum distance separation requirements with a site restriction of 13.0 kilometers (8.1 miles) southeast to avoid short-spacing to the licensed sites of Station WSTR(FM), Channel 231C, Smyrna, Georgia, and Station WYSF(FM), Channel 233C, Birmingham, Alabama.²

4. Accordingly, we seek comments on the proposed amendment of the FM Table of

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before March 12, 2001, and reply comments on or before March 27, 2001, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. 7. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

However, any new written information elicited from such a request or a summary of any new oral information shall be

served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached. Such comments and reply comments shall be accompanied by a certificate of service. (See Section 1.420(a), (b) and (c) of the Commission's Rules.)
